

Taking Home AS IS without viewing

Date: _____

Property Address: _____

I, _____, was advised by Aaims Property Management to view the property inside and out before submitting my rental application. I have chosen to submit my application on the specified property without doing so and I understand that my application fee is non-refundable. I also understand that I will be taking the property as is, and the only repairs to be done are those required by North Carolina law (N.C.G.S. 42-42), to maintain the property in a safe, fit, and habitable condition.
